ARSON BELIEVED RESPONSIBLE FOR WALES RANCH FIRE

Flames which last Monday night razed the abandoned George Wales residence on the Newark-Centerville Road are believed to have been due to arson, according to information from the owners.

Centerville and Newark fire departments, notified of the blaze by a passing motorist, were too late to bring the fire under control and the building burned to the ground.

The old landmark recently had been purchased by the Western Engineering Company of Newark from Charles Cockfair and his niece, for the purpose of demolishing the building for lumber. The material was to have been used for expansion of their building program, according to an official of the company. Loss was estimated at between $500 and $1000.

A wrecking crew had left the residence between 4 and 5 p.m. Monday, taking care to leave no burning cigarettes around the inflamable structure.

A preliminary investigation showed the fire had started in an upstairs rear room in the house with clues pointing to arson. The property had been mutilated a week or two prior to the blaze by intruders.

A reward has been offered for information leading to the arrest and conviction of anyone connected with causing the fire.

PASHOTE RESIGNS FROM FIRE BOARD

A letter of resignation as commissioner of the Newark Fire Protection District was submitted Monday night by Alfred Pashote, 2687 Thornton Avenue, who had served on the board since 1938.

The letter, which stated the resignation was due to business reasons, set March 1 as the date the change will become effective.

Pashote is going into business in Mountain View.

Clerk of the board of commissioners, Pashote has been active in the Newark Fire Department for a total of 19 years. His unexpired term runs through April, 1950.

Remaining commissioners Tony Martin, board president, and Joseph D. Silva were scheduled to meet last night to decide on a recommendation to the county board of supervisors concerning filling the vacancy.

Supervisors are expected to make the appointment next week.

The district, formed in 1916, has fifteen volunteer firemen and two full time employees. Joseph E. Pashote is fire chief.

OOPS—TIME FLIES, BUT NOT THAT FAST

If you intend to take in the Carol Jeanne Dancers benefit performance tonight at the Centerville Elementary School, don't be discouraged by what you may read on page seven of this week's REGISTER. Through proof-reader's miscue, a picture caption identifying five of the dance pupils erroneously stated the program was held last Friday night—but this evening's show will go on as scheduled, at 8 o'clock.

Tickets are 30 cents apiece, if you're interested.

NOBODY IN THIS OUTFIT EATS OFF THE MANTLE

Members of the Southern Alameda County Horsemen's Association, who have always considered themselves fairly good horsemen, had their eyes opened last Sunday on their ride up Morrison Canyon by a trio of young horsewomen, 12 to 14 years of age, who showed the oldsters a thing or two about horses that made them blush for shame.

"Why," said Bill Davis of Decoto, president of the association, "these youngsters took such good care of their animals on the ride, and rode so well, that it made the rest of us wonder if there wasn't a lot more that we could learn about horses."

The three girls, Mary Lynn Lamoreux, Suzanne Gorman and Joan Vervais, all of Niles, joined the horsemen's group for the first time. They enjoyed the trek up Morrison Canyon so much that they are anxious to become junior members.

Not to be outdone by the girls, Billy Rose, also of the young teenage set, showed what he could do with a horse. He entertained the rest of the group by putting his trick pony through some amusing antics.

The group, which left around 10:30 a.m. Sunday, pulled up for lunch around one o'clock. The supplies—chili beans, weiners, salads, etc.—had been brought up by chuck wagon.

"We enjoyed having the kids with us," said Bill Davis. "We hope they'll become regular members, and will be able to go on our next trail ride up to Mission Peak. No date has been set for this. We're waiting for good weather."

There were about 20 present on last Sunday's ride. There are 40 members of the Association.

NILES MAN HITS THE JACKPOT. MAKES ONE WISH---AND GETS IT!

If you ever doubted the old fairy tales about wishes coming true, just ask Bill Cavanaugh of Niles what he thinks about it.

This week Bill discovered that there IS something to the old fairy tales, for wishes DO come true. That is, one certainly came true for him, and in a manner that almost completely bowled him over.

A few weeks ago, while Mrs. Cavanaugh was ill, and Bill found time hanging heavily on his hands, he picked up a copy of the San Francisco Call-Bulletin and glanced idly at the pages. A story about a contest intrigued him, and, having nothing better to do, he sat down and wrote a letter. The contest rules stipulated that he must tell in so many words what particular thing he wished for, and why.

Well, it seems that Bill has always wanted to take a trip on a submarine. So he wrote his letter, and promptly forgot about it.

This week, however, he was announced as a winner! The news put the family in a state of ecstacy, especially Bill's son, twelve-year-old Billy, who was certain that he was going along, as that had been part of his father's wish.

A call to Washington from the Call-Bulletin, however, relayed the sad news that Billy, because he was only twelve, would not be allowed to take a trip on one of Uncle Sam's subs.

His dad went, however, and was out under the surface of the Pacific for almost an entire day. He had lunch 65 feet (or is it fathoms) under the sea, and enjoyed it immensely. The day was climaxed for Bill by being invited to have dinner at the Fairmont Hotel as a guest of the editor of the Call-Bulletin.

Bill is still reeling under the impact of his sudden good fortune, and also from his few minutes on radio station KFRC telling about his experience.

ALVARADO C. OF C. HEARS FOLLETT

Don Follett, Oakland Chamber of Commerce executive, described the County Water Conservation and Flood Control system in this district to Alvarado Chamber members at a meeting held last night.

Following Follett's speech, William Martinez, president of the group, and Leslie Maffey led a discussion on the water situation.

On Thursday evening, February 9, Maffey attended the Water and Flood Control dinner held at International Kitchen.

STUDENTS COLLECT FOR DIMES MARCH

Over $170 for the March of Dimes campaign has been collected through the efforts of Alvarado Elementary School students this year. In comparison, $50 was taken in last year during the school's drive.

Marlene Andrade, Elizabeth Lancaster and Yoshio Kamiji were in charge of the dimes collection.

BOARD MOVES TO GET PAVED ROAD

Steps to dedicate a 10-foot right-of-way to the county for establishment of a surfaced street adjacent to Washington High School were inaugurated last Monday night by the High School Board of Trustees.

The board is seeking a legal opinion from District Attorney J. Frank Coakley as to whether transfer of the land is in accordance with law.

The dedication would be accomplished provided adjoining property owners also deed land to the county for the road, which would be located on the Irvington side of the school grounds, over what is now known as Oliveira Lane.

Development of the roadway is deemed necessary to provide for expansion of high school facilities.

Plans will be forwarded at the session to re-activate the chamber, dormant for some months.

Vernon Ellsworth is secretary of the group, and Jack Parry is treasurer.

HOBBY SECTION SEES COLORED MOVIES

Mrs. Jud Taylor and Mrs. Clark Redeker of Newark were co-hostesses of the regular meeting of the Hobby Section of the Country Club last Tuesday evening, at the home of Mrs. Taylor.

IT'S BIGGEST BARGAIN IN THE TOWNSHIP

GOING, GOING — YOU'D BETTER HURRY!

"The biggest six-dollar value you ever heard of" is the comment made concerning the membership fee to the Community Concerts Association of Washington Township.

The membership drive, launched last Monday night at a big dinner held at the Veterans War Memorial Building in Niles, will close this Saturday noon. Those who have not already obtained memberships will indeed regret it, for no tickets for a single performance will be available.

On the other hand, anyone holding a membership card may attend not only the three or four concerts to be given in Centerville but may also attend concerts in any other town where the Community Concerts are held, as in Hayward. Livermore, Walnut Creek, Burlingame, etc. One man was known to have attended 35 concerts on his one six-dollar membership card "during a season!" (The six dollars includes tax.)

Those who attended the Community Concerts at Washington High school auditorium—and there is still one more to be given this season—agree that the artists who appeared here are outstanding. Only under such an organization as the community concerts could these world-famed artists come to rural areas such as Washington Township.

Last Monday's dinner meeting, presided over by President Dwight Thornburg, outlined to the "workers" (those distributing memberships) the importance of keeping in constant touch with campaign headquarters (Joe Adams' in Centerville) during this campaign week in order to facilitate organizational work for the local Concert Association.

"The Community Concerts is perhaps the finest thing that has ever come to the township," asserted Thornburg. "We all have to get together and work hard to put it over. We have to make the

JANE HOBSON HERE

Jane Hobson, beauteous mezzo-soprano, will appear on the Community Concerts in San Leandro next Monday, February 21. Those in the township, however, who hold memberships, will probably find it more satisfactory to wait until March 16, when she will appear in our own high school auditorium, in Centerville.

Public Meeting Called On Flood Control Bill

Flood control, drainage and water conservation problems of Alameda county, and the organization of a county-wide district to sponsor necessary projects, will be discussed Wednesday, Feb. 23, at 8 p.m., at the council chambers of the Hayward City Hall at a meeting called by the Alameda County Board of Supervisors.

Chief subject of discussion, according to Board Chairman Harry Bartell, will be the legislative bill introduced at the current session of the State Legislature creating the flood control district.

LAND DEVELOPMENT

The legislation is sponsored by the Land Development Committee of Alameda County, comprised of water district and chamber of commerce representatives from every section of the county. The board of supervisors followed the request of the committee in asking the office of District Attorney J. Frank Coakley to prepare the bill.

Purposes of the act are to control and conserve flood and stream drainage waters, to store waters and prevent pollution;

PURPOSES LISTED

To act in cooperation with other counties, the State and Federal governments, in water projects which will benefit the district;

To carry on technical surveys and investigations to determine the need for the projects.

The act provides that the board of supervisors shall be ex-officio board of supervisors of the flood control district, and shall receive $24 per month as compensation for flood control district services.

COSTS—TAXES

Administrative costs of the district, cost of general district surveys, and projects of benefit to the entire district would be paid for by assessment and tax against the entire district.

The board is authorized to create zones for projects of benefit to a portion or portions of the county, and the cost of such projects is paid for by assessment and tax within such zones.

ZONE CREATION

Creation of zones is subject to control of the board of supervisors after public hearings have been held and opportunity given for protest and needs of the zone are determined.

Purpose of the hearing at the Hayward City Hall is to determine the need of amendments to the act as it is now written.

TAXPAYER'S UNIT FORMATION IS NOW UNDER WAY HERE

Formation of a Washington Township Taxpayers' Association is now under way here, following temporary organization of the group prior to incorporation.

The association is designed to familiarize taxpayers with tax procedures and to encourage efficient government taxation practices.

Temporary officers of the organization, selected recently, are Dr. E. M. Grimmer, Irvington, president; W. B. Williams, Irvington, vice-president; Mrs. Evelyn Perkins, Centerville, secretary! and Keith Whipple of Decoto, L. S. Williams of Centerville and W. D. Patterson of Newark, directors. Officers will continue to serve until the group is incorporated.

Plans for a township-wide membership drive will be discussed at a directors meeting to be held next Wednesday evening at 8 o'clock in the Washington Union High School library.

The association will function in every town in the township, and residents from each community will have seats on the board of directors, according to present plans.

Membership dues have tentatively been set at 50 cents per year.

Also active in the group is LeRoy A. Broun of Centerville.

ENROLLMENT JUMPS IN RURAL SCHOOLS

Attendance in elementary schools in Alameda County continues to increase while that of the high schools tends to become more stable, according to a recent bulletin from the office of County Superintendent Vaughn D. Seidel. Totals are derived from the average daily attendance estimates of 1948-49.

The elementary schools have 4,500 more students in average daily attendance this year than last year, a gain of seven per cent. High school attendance is down one per cent, or 300 less than last year.

Enrollment in rural elementary schools shows the most marked increase, reflecting the great activity in new home building in suburban and rural areas of the county. It is greater by 19 per cent than last year.

Among the county's 29 rural elementary school districts, almost the entire increase of 2,232 in attendance is accounted for by ten of the twelve districts whose attendance is higher than 300 each. Gains in these ten districts range from eight per cent in Niles to 40 per cent in San Lorenzo. Irvington's attendance is up less than one per cent over last year.

The seventeen rural elementary districts that have fewer than 300 pupils in average daily attendance each, are responsible for a net gain of only 160 attendance units. Four of the smaller districts have lower enrollment this year and three others show little or no growth.

Estimated average daily attendance in all districts for 1948-49 are as follows: Alvarado 242, Alviso 73, Centerville 292, Decoto 589, Irvington 302, Mission San Jose 67, Newrak 339, and Niles 480.

FORMER NILES MAN DIES IN OAKLAND

Last rites were held last Monday for Harry A. Mosher, well known former resident of Niles, who died February 12 in Oakland. He had been ill for several years.

Mosher, a member of a prominent Niles family, was born and raised in the township. He was a vice-president of the Central Bank prior to moving from this area, and lived on the Mission highway.

ALVARADO WOMAN NEW COUNTY NURSE

Mrs. Madelyn A. Woodward of Alvarado has been assigned to the public health nursing staff of the Alameda County Health Department, according to Dr. James Malcom, health officer.

A native of Alvarado, Mrs. Woodward attended Alvarado schools and Washington Union High School. Later she graduated from Providence College of Nursing and the University of California. She has had public health nursing experience with the San Luis Obispo county health department, the Pacific Area American National Red Cross, and with Camp Roberts. While her husband was overseas during the war, she lived in Alvarado with her parents, Mr. and Mrs. Joseph Avilla. Many Alvarado residents will remember the small daughter, Donna Marie Woodward, as the smiling "Little Miss Red Cross" on the posters last year. Mrs. Woodward will be assigned to the new office which will open in Hayward in February.

At the LIBRARY

By ELAINE HOWE

A fascinating small volume has recently had me reminiscing about some of the books that thrilled me in my youth. Others of you may share with me fond memories of cherished first meetings with fictional characters, who seemed so exciting and romantic in those impressionable years. This little book is "Fifty Years of Best Sellers" by A. P. Hackett. Best seller is a term which indicates not necessarily the best books published, but the ones which people like best.

Starting with 1895 she lists the ten most popular books of each year. Below is a running commentary of the high lights of that year. Many titles call forth memories of the keenest delight, such as Quo Vadis, Sentimental Tommy, Prisoner of Zenda, When Knighthood was in Flower, The Crisis, The Rosary, Graustark—I could go on for pages. Our literary output of the 1940's, supposed to be so poor, compares rather favorably to the best-selling authors of the teens—Zane Grey, Ethel M. Dell, Harold Bell Wright, Gene Stratton Porter, to name a few.

There are other items of real interest to book lovers. Did you know what book, aside from the Bible, is the biggest seller of all time? It is Charles M. Sheldon's "In His Steps" and it has sold over 8,000,000 copies. Fanny Farmer's classic "Boston Cooking School Cook Book" on which I and my mother learned to cook is the best selling cook book. Speaking of the Bible, in the past sixty years the American Bible Society has issued over thirty-five million Bibles and 330,000 Testaments. Annually about 2,000,000 more are sold through bookstores.

More recent best sellers are still in constant demand in the library. "Gone with the Wind" in 1937, "The Good Earth" in 1931, "The Robe" in 1942, "The Citadel" in 1938, are read steadily today. While the post-war years have been flooded with novels proclaimed THE book on this war, it was twenty years before THE book of the first war appeared in 1929, "All Quiet on the Western Front."

NEW OFFICERS FOR ST. JAMES CHURCH

Those elected are as follows: Douglas Mayock, junior warden; Milton Nenneman, treasurer; Col. E. M. Manning, secretary. George Hocking was appointed senior warden.

RUMMAGE PAYS, SAYS NEWARK P. T. A.

If you want to turn those old clothes and other rummage cluttering up your house into real profits, we have a suggestion for you. Why not turn them in to the Newark P.T.A. which is sponsoring a rummage sale on March 2 and 3?

Of course, you do not realize the profits directly, but if you live in Newark, your children will certainly benefit, for the proceeds of the sale will go towards a school cafeteria.

If you have anything for the sale, phone Mrs. Kay Kettman (chairman), Newark 6581, Mrs. Ruth Dutra, Newark 2631, or the grammar school, Newark 2401.

The sale will be held at the Youth Center.

RECORD NUMBER OF DEER KILLED HERE

An all-time high record of 47,768 deer were taken by California hunters during the 1948 season, but the Division of Fish and Game believes even greater numbers should be bagged in the future.

In announcing the record kill—which exceeds by 349 bucks the former high set in 1946—Chief Joseph S. Hunter of the Bureau of Game Conservation stated more deer must be taken in some areas of the state to properly harvest the growing herds. On the basis of tag returns, he estimated the state's population of deer to exceed 650,000.

"In some sections of the state, deer populations have increased to the danger point," Hunter said. "Over-used deer ranges, critical crop damage, and disease are evidences that further management practices should be inaugurated to control excess deer.

"Only six to ten per cent of our herds are being harvested by hunters, when a safe and beneficial annual take should be closer to 20 per cent in some sections," he added.

Hunter stated that 441 deer had been taken in Alameda County, according to the deer tags returned to the state office.

Thinking Things Over...

'A SMALL WORLD' ITEM

Here's another item to add to your "it's a small world" list.

Last week Fred Duffie Sr. was at the California Nursery when he spied a vaguely familiar face of a man deeply engrossed in the plant life out at the nursery.

Fred was immediately transported in imagination to that far-away time when he was studying botany at Clemson Agricultural College in South Carolina. Sure enough, the man was his botany professor, whom he hadn't seen since 1928.

Q. E. D.: Everybody, sooner of later, finds his way to Niles.

DON'T MISS THESE!

A deeply engrossing book has come into my possession recently. It's "The Road to Survival" by William Vogt. "I'll say more about this book later, when I have more space, but briefly, let me say this: I think that everyone in Washington Township will want to read it. Eventually I hope that everyone WILL read it.

Another fascinating book has come to my attention. (Thanks, Mrs. Bishop.) It is titled "San Francisco is Your Home" by Samuel Dickson. You'll have revealed to you facts about San Francisco that you never before knew.

POT-POURRI

Elaine Howe, the new librarian at Niles, is putting on a story-telling hour at the Niles Library every Saturday morning that is real "box office" for our youngsters. But don't think that you can sneak in, and find out what it's all about, for there are "no adults allowed!" . . . If anybody from here on in asks me "when are you going to move?" I'll know the reason why. My youngest has just started taking trombone lessons! . . . The Township Register really had a "scoop" last week. It was the only paper anywhere to have published the news about U. S. Senator Downey's visit to the township. . . . I asked Bill Helm, Niles theater entrepreneur, when "Hamlet" is coming to Niles. His look was apoplectic. I am not quite sure what it meant. . . . People have asked us why we don't publish news about local divorces. It's simply this: family troubles come under the heading of "gossip" rather than news. Even if the family troubles get into the courts, we still prefer to publish a newspaper devoid of sensationalism. If YOU were involved, wouldn't YOU want it that way? . . . Have you read the program of the forthcoming Vodvil show at the high school? The Vodvil is always top entertainment in my opinion. This year it sounds even better than usual. That cable car idea is a honey . . .

BUREAU STUDIES STATE WATER PLAN

At a monthly meeting held February 3 at the fair grounds in Pleasanton, the Alameda County Farm Bureau Board of Directors discussed at length the water conservation problem in this area.

A committee was selected to obtain information and legal advice on several water bills before the State Legislature and which the bureau desires to have clarified. The committee will report in detail at their next scheduled meeting in March.

Emil Dietz, area Farm Bureau representative, described membership drives and the part the bureau plays in helping members.

Appointments of Dick Johnson Jr., Warm Springs, as head of the newly organized public relations committee, and Al Selvi as the Eden-Washington Township area farm bureau insurance agent were announced. Selvi can be contacted through the county office at Pleasanton.

GIRL SCOUT NEWS

Girl Scouts of Alviso Troop No. 5 met at the Scout House on the Alviso Elementary School grounds recently to complete work on their "Buddy Burners" which are to be used on future camping trips. The burners are small portable candle-like stoves which are made of wax poured into a container and are capable of cooking food.

The girls meet each Wednesday at 3:30 p.m. and Mrs. Asta Pedersen is advisor for the group.

TROOP 94

An enjoyable afternoon of games and refreshments was enjoyed by members of Niles Brownie troop members and their mothers, last Tuesday at the Niles Elementary School kindergarten room.

New members invested into the troop during the meeting were June Sone, Janice Morrison and Mary Ann Duarte.

Barbara Frick is troop scribe.

ROTARIANS HEAR SAFEWAY HEAD

Niles and Livermore Rotarians, at an intercity meeting held in Livermore Wednesday, heard Mr. Rilea W. Doe, vice-president of Safeway Stores, Inc., Oakland, speak on "I Know It Will Be Work."

His discussion centered on some of the fundamental problems confronting business and the responsibilities of good citizenship.

RECEIVES GIFT

For her untiring efforts in preparing the Warm Springs Firemen's dinner recently, the group presented Mrs. Joseph Wagner with a shiny new Toastmaster this week. Mrs. Wagner has also been placed in charge of future dinners the group will hold.

MEASLES, MUMPS, CHICKENPOX DOWN

Washington Township youngsters were comparatively healthy last week, according to a report released by Dr. James C. Malcolm, county health officer.

Malcolm's report revealed that only seven children in unincorporated areas of Alameda County caught mumps last week, while four were stricken with chickenpox and one came down with measles.

For the year chickenpox leads the youthful disease derby with 82 cases reported to date. Mumps has claimed 52 victims, while 35 persons have suffered sieges of measles.

DANCE TO BE HELD TOMORROW NIGHT

A benefit dance, sponsored by Vallejo Mills Post No. 8293, will be held tomorrow night, from 9 to 1, in the Newark Pavilion.

TOYON PUBLIC CARD PARTY NEXT THURSDAY

One of the biggest card parties of the year is scheduled for next Thursday night, Feb. 24, at the Niles school auditorium.

The affair, a benefit for Children's Hospital of the East Bay, is being sponsored by the local branch, Toyon. Tickets may be procured from any member or at the door. The party starts at 8 o'clock.

FIRST BIRTHDAY

Members of the Past Presidents' Club of St. Jude Institute, Y.L.I., observed the group's first anniversary last night, at a dinner meeting held at Pland's Villa in San Lorenzo Village.

Members and guests were invited to the affair.

Ann Rose is president of the club.

LIBRARY SERVICE

A library service for students of the Alviso Elementary School was started there recently, according to Principal James Nunes. The students are taken to the branch library every second Tuesday of the month where they are aided in selecting their books by Mrs. Irma Brown, librarian.

ANNIVERSARY FETE

Preliminary plans were laid by the Newark Women's Improvement Club February 8 for the forthcoming Anniversary Dinner.

The fete will be held in Lou's Village, San Jose, March 8.

Arrangements are under direction of Mrs. Irene Fields.

The Women's Army Corps, formerly the Women's Army Auxiliary Corps, is the first of its kind in American military history.

The first settlers to enter California by crossing the Sierra were those who made up the Bidwell-Bartleson party in 1841.

BILLY NORDVIK Stinhilver Photo

It's no accident that little William Gregg (Billy) Nordvik of Centerville has his mouth open in the picture above. According to his mother, Mrs. Karl Nordvik, his mouth is scarcely ever closed!

"He is the most talkative child I've ever seen," she said. "Even his five-year-old brother, Micky, has a hard time getting a word in edgewise."

Only 21 months old—he was born on April 23, 1947—Billy has been talking, and talking plainly, ever since he was 14 months old. If there is nothing in the course of his everyday pastimes to discuss, he will fill in the gap by reeling off nursery rhymes. His favorite is "Little Bo Peep."

Gregarious by nature, he is never happier than when visitors come to his home. Their age doesn't matter. Either very young or very old, he finds them all interesting.

Billy can be called a true Centervillan, for both his daddy and his mother have lived in the township all their lives. His daddy is presently employed at the Centerville Electric and Pump Company as store manager.

A black-eyed, brown-haired little boy, Billy has shown definite tendencies towards a career involving shoes, for he is completely fascinated by shoes and spends hours trying them on. His preferences, of course, run to shoes that are several sizes too large for him.

Billy has a grandfather, Harry Weber, who lives in the township, and a grandmother and grandfather, Mr. and Mrs. T. E. Lund, who live in Alameda.

MANAGERS MEETING CALLED TO OBTAIN SEASON OUTLOOK

Managers of teams intending to enter nines in Washington Township Softball Association leagues will meet next Wednesday evening at 7 in the Washington Union High School gymnasium.

The meeting, called to get a general picture of how softball competition will stack up this year, will be under direction of Al Silvera, association business manager.

Teams entered in two association sponsored leagues, American and National leagues last year, include Mission Firemen, Kleines, Westvaco, Central Chevrolet, Native Sons, Vilelas, Pacific States Steel, L. & V. Farm Sales, Frick's, Wedgewood, Mission Juniors and Kraftile. All are expected to return this year, with possible addition of several newcomers.

Last year was the first season teams were divided into two leagues to facilitate round-robin schedules. Six clubs comprised each league.

This season Silvera forsees the possibility that both leagues may increase to eight team affairs. League play will get under way the latter part of May, and will continue until early summer.

League tilts are played in twilight double-headers, at Washington High School.

Association officers who will serve for the coming year are Louis Amaral, president; Silvera, business manager; E. D. Bristow, vice-president; Vernon Rose, secretary; and J. J. Machado, treasurer. They were selected at a meeting held at the California Inn January 26. Amaral replaces Silvera as president.

The association was formed here in 1939, and has sponsored league softball play every year except in 1943-45, when wartime difficulties forced cancellation.

RIFLE TEAM IN SECOND PLACE

Rifle squad members of the Tangle and Twist Rifle Team this week boasted second place standings in regional National Rifle Association standings. Team competition will continue through the spring.

Squad members are Walter Steinmetz, Robert P. Hunt, Alfred Silva, George Patterson, Douglas Mayock and Frank Borge.

HUSKIES, PUPPIES DUMP LIVERMORE

Washington Huskie and Puppie basketball quintets emerged with a double victory over visiting Livermore Cowboys Wednesday afternoon, in two tilts played at the Washington gymnasium.

The varsity eked out a 44-41 decision over the Cowboys as Joe Sankene went wild, netting 21 points. Other varsity scoring leaders were Frank Vargas 8, and Bill Ramsey 7.

Livermore scoring was paced by Doug Miller, who netted 20 points.

In the 130 clash Washington raced to an easy 44-19 killing. Scoring laurels were divided, with Henry Morlos sinking 12, while Al Castillo, Ralph Juhl and Relio Reyna netted six points each.

Members of the Tangle and Twist fishing club of Mission San Jose held a bean feed at the club house on February 3.

Frank Brackendorf is club president.

WORK SESSION IS HELD BY GROUP

Tangle and Twist Fishing Club members "rolled up their sleeves" last night, during a work session held at the club house near Newark.

Major work for the evening consisted of laying a pipe line to the club house in order to provide running water.

Club officers are Frank Brackendorf, president; Vincent Cramer, vice-president; Loren Godwin, secretary; Alfred Silva, treasurer; and Walter Steinmetz, executive officer. Cyrus Solon is past president.

ATTEND CLINIC

Scottie Haynes, Paul Stewart, Donald Harris, Kenneth Crosby, George Cole, Allan Olk and Gerald Talbert are among Newark Elementary School students attending the first annual Washington Township Basketball Clinic now being conducted Saturdays at Washington High School.

WASHINGTON FIVES HOST LOS GATOS IN DOUBLE-HEADER

Washington Huskies and Puppies will be out to regain lost prestige tonight, when they tangle with visiting Los Gatos hoop quintets in the Washington High School gymnasium. Festivities will get under way at 7:30, when the Puppies tangle with Los Gatos 130's, who currently lead the S.C.V.A.L. with five wins and no losses.

Last Friday night the varsity was surprised 41-18 by the Campbell Buccaneers, who showed surprising scoring punch in belting Washington from the league undefeated ranks. In the 130 clash Washington emerged with a hair-raising 23-22 win.

Injuries continued to hamper the varsity, with Gene Bramwell, Bill Pereira and Gil Orozco all on the injured list. Pereira and Orozco will be in shape to see action tonight, however.

Coach Clyde Voorhees will start the game with Joe Sankene, Frank Vargas, Pereira, Gil Martinez and Bill Ramsey, with Orozco and others on deck for relief service.

In the 130 game Coach Don Wolfe is debating on his starting five, with Jess Corrales and Bob Hernandez probabilities for promotion to first string guard positions. More sure of starting assignments are Ralph Juhl, center, and Armando Morlos and Al Castillo, or Henry Morlos at forwards.

In the Campbell varsity fracas the Huskies "hit the bottom of the barrel," falling before a team that had not shown much promise in preceding contests. Campbell jumped to a 14-4 first quarter lead, increased the advantage to 21-5 at halftime, and poured on the steam in the second half to win going away. Bill Ramsey was high point man for Washington with seven markers.

In the B contest, on the other hand, the Puppies trailed 9-13 at the end of the third quarter, then caught fire for 14 points—and the one-point nod — with Armando Morlos, Al Castillo and Bob Hernandez netting two field goals each in the clutch. Morlos was high point man for the evening with 9 digits.

ALVARADO PUPILS ATTEND CLINIC

Seventh and eighth grade boys at Alvarado school and under the supervision of John Bond, are participating in the Washington Township Basketbal Clinic held each week at the high school gym.

The following boys attended the clinic held last Saturday: Antwine Rigmaiden, George Cicarios, Julio Moreno, Raul Villarreal, Melvin Pimentel, Arnold Guardeto, Frank Velardi, Johnny Carlson and Sonny Hernandez.

Boys are taught the fundamentals of basketball playing at the weekly sessions.

ALVARADO QUINTET WHIPS FROSH TEAM

The Alvarado "A" basketball team defeated Alvarado freshmen at Washington High School in a game played on the high school ball court last week. The elementary school team won by a 22-20 score.

Yesterday the team met the Decoto quintet in a regular league game at Alvarado, and the "B" team played host to the Alviso team last Wednesday.

B.P.W. TO HAVE A FASHION SHOW

A big spring fashion show and dessert-bridge is slated to be given by the Business and Professional Women's Club, according to an announcement made at their regular meeting on Monday.

The affair, to be held at the Country Club on April 2, will approximate that of last year. The fashions to be modeled will be selected from Vee-Bee's shop in Centerville.

Plans for the event, which proved highly successful last year, were formulated at last Monday's meeting, which was held at the home of Mrs. Bernice Nordvik. Following the regular business meeting, a Valentine party was held with the members receiving valentines from a valentine box, followed by refreshments served with the valentine motif in mind. The evening closed with an exciting game of court whist.

COMMITTEE HEADS TO BE APPOINTED BY SPORTSMEN

Standing committees for 1949 and delegates to District Council No. 3, Associated Sportsmen of California, will be appointed by the Newark Sportsmen's Club next Tuesday night.

Appointments will be made by Club President Frank Martin. The meeting will be held at the Newark Youth Center beginning at 8 o'clock.

Inauguration of a two meeting per month schedule has been made by the club, with business meetings slated the last Tuesday in each month, and social meetings set on the second Wednesday.

At the first social meeting, held February 9, moving pictures on wild life topics were shown by Jack MacGregor, Newark Elementary School principal. The pictures were all in sound and color.

Movies for succeeding social meetings have been promised by Joe Machado, who is in charge of entertainment. Social meetings are open to members and guests.

Conservation plaques were presented to Jack Souza, Redwood City, and Alvin Silva, Newark, both members of the Sportsmen's Club.

Refreshments were served by Manuel Amaral, social chairman.

Reports on progress towards staging an essay contest on conservation and wild life will be made by the essay committee, Joe Machado, Alex de Knoop, Sid Gaunt, Virgil Palmtag and Lloyd Hayes. The contest will be held for students at the Newark Elementary School.

FASHION ACADEMY OF NEW YORK SELECTS

The '49 Ford

AS THE "FASHION CAR OF THE YEAR"

Citation "The 1949 Ford embodies all the essential qualities of good taste, modern design and subtle harmony in line and color. It is indeed a compliment to the style-conscious woman who will recognize and appreciate the flattering background it provides for her best dressed appearance."

SEAL — The Fashion Academy of New York

President, The Fashion Academy of New York

And "looks" are only half the story!

The Fashion Academy of New York has been noted for the past 20 years for its annual selection of "America's best dressed women." The '49 Ford was chosen to receive the Fashion Academy Gold Medal after 1949 automobile models of all makes and in all price classes had been carefully studied from the standpoint of excellence in design, simplicity and feminine style appeal. This recognition of Ford leadership in the modern trend of automobile design stands as a unique tribute to the work of Ford's Styling Department and of Design Consultant George Walker of Detroit.

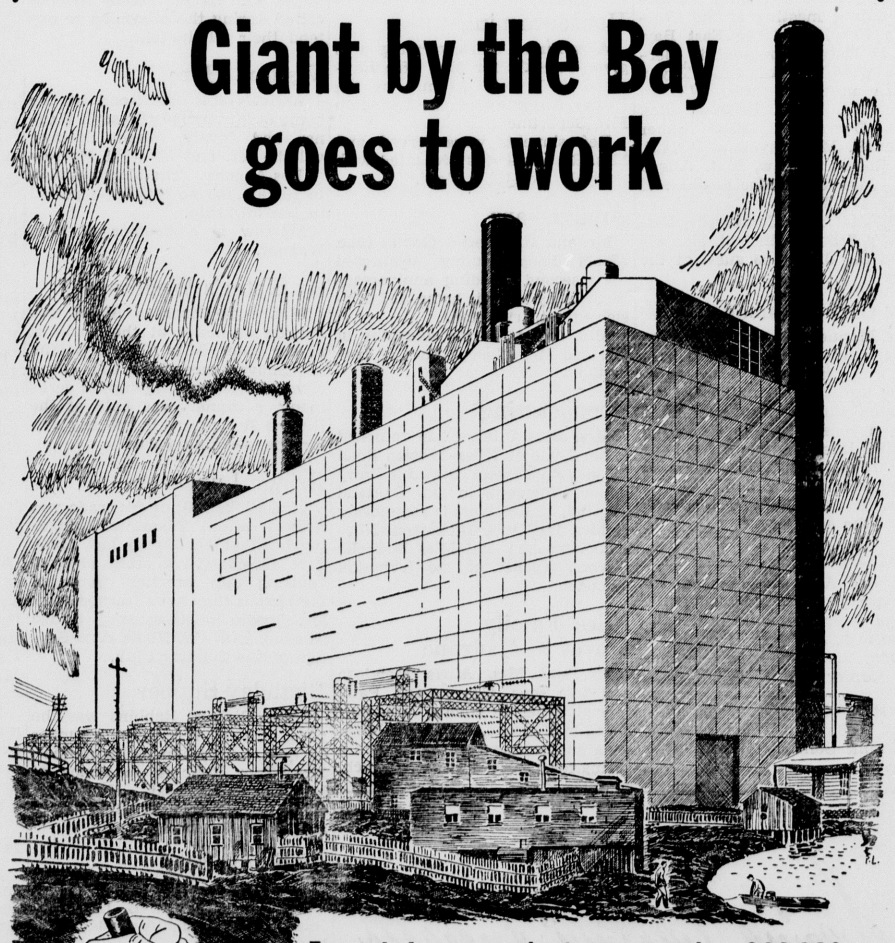
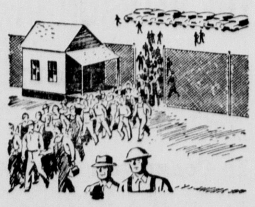
Giant by the Bay goes to work



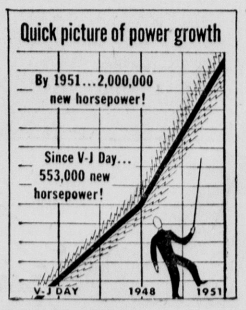
Expanded power plant now pouring 360,000 electrical horsepower into P. G. and E. lines

Now mightiest of all P. G. and E. powerhouses is expanded Station "P" near Hunters Point on San Francisco Bay. Last week, its second new generator went on the line to step up total output to 360,000 horsepower. That's enough energy to supply the cities of Oakland, Stockton, Tracy, Berkeley and San Jose. Expanded at a cost of $25,000,000, Station "P" uses super-heated steam to generate power, has four skyscraper boilers taller than eight-story buildings; pumps from and returns to the bay 80,000 gallons of water every minute.



1,519 men — 23 crafts and trades worked on the Station "P" expansion. This is just one example of how P. G. and E.'s power-building program creates employment.

New post-war homes, farms and factories in the area are being served fully. Last year alone, for example, 60,000 new service connections were made.



Work never stops on our power-building program

By MARGARET COLE

Ah me! While we lower classmen sat at home "wearing our heads to the bone" over geometry or something equally fascinating, the Juniors and Seniors were having the time of their lives at their annual Junior-Senior Night festivities on Tuesday. They tell me they had great fun with a combination of food, games, food, dancing and food. Preparing for the javelin throw (an Olympic-like event involving the use of drinking straws) the master of ceremonies called for the mightiest boy and the smallest girl from each class. Goes without saying that there came forth muscle-men Fred Duffie and Bernie Day and petite Phyllis Vierra and Mary Villescaz. The winnah! Bernie, to be sure!

So sorry Merle Runolphson, but it's impossible to keep Duffie out of this column. Can you think of anything in which he doesn't have a hand or foot? Maybe, as you say, he is overpublicized, but there is a solution. Put your imagination to work and give me something else to write about. Believe me, I'd be everlastingly grateful.

How they did it I don't know, but the awful truth is that the Huskies lost to Campbell. Of course, with first-stringers Gene Bramwell and Gil Orozco out of commission, they were handicapped considerably. Well, we still have a chance at first place. As things stand now we're tied with Fremont at second with San Jose Tech in the lead.

That Campbell band has a certain touch that really is hep! They don't play marches, etc., but go for the jazzy Dixieland style. Quite effective too. Even so it can't compare with our outfit. The general opinion is that the Washington band is in a class by itself.

Naturally the post-game dance had to have a Valentine theme. It was so well done and tremendous interest was aroused by the way certain names were coupled on the valentines pinned around the walls. I'd dearly love to go into detail about some of the complications arising from this scheme but it would take a Winchell to do it justice.

With everyone packed in like sardines, the Girls' Glee Club and guests went on a hayride to Alum Rock Park on Monday. (Will someone please explain to me about hayrides in February?) The unbeatable combination of dancing, games, singing and food provided first-rate entertainment, with Carol Rogers making the piano sit up and beg. Everyone had fun, even those who rode in the back of Bob Lizardo's pick-up. It was much cozier on the inside they tell me! And just to get the record straight, George Pagan was playing hide-and-seek with his car. Oh, you kid!

NEWARK FIREMEN PLAN COMING BALL

Newark Firemen this week are making final plans for the 19th Annual Newark Firemen's Ball, which will be staged Saturday, February 26, at the Newark Pavilion.

Ticket sales, now in progress, are being handled by club members.

The dance will be held under direction of a committee headed by Firemen President Lee Wilson, assisted by James Dias, Maurice Caldeira, Orland Menezes, Joe Caldeira, and Chief Joseph E. Pashote.

Music for the affair will be furnished by Frank Gygax and his orchestra.

Funds raised from the affair will be used in Firemen's Club activities for the year.

MISSION SAN JOSE NEWS

By LOIS BOTTENBERG

Lois Bottenberg

BIRTHDAY DINNER

Mr. and Mrs. George Murray went to Oakland over the week-end to a birthday party in his honor at the home of relatives.

DRIVE TO LOOMIS

Mr. and Mrs. Edward Chambers, Ronnie and Beverly, motored to Loomis over the week-end to visit with his folks, Mr. and Mrs. Tom Chambers, and also at the home of his sister, Mrs. Homer Bonney at Roseville.

'OLD FAMILIAR PLACES'

Mrs. Cassie Witherly, former Missionite, and friends of San Francisco visited old familiar places and the old home ranch here in the Mission one day last week. They spent a while at "Helen's Fountain" where they chatted with Helen and Joe Semas, owners of the place. She said that her son, Tech. Sergeant Richard Witherly, who had been in Japan for the past two years, had re-enlisted and was now stationed at Camp McCord, Washington. She and Bessie McKittrich and Cozzie Witherly are going to pay him a visit in March.

A NURSING CAREER

Geraldine Fernandez, daughter of Josephine Fernandez Chambers, who left this past week-end for St. Mary's Hospital in San Francisco to continue with her nursing career, was entertained at the Chambers home with a few friends in to wish her a happy time of it. Nelda Hammond and her friend, Phil, Delphine Soito, Roy Boggini, Grandmother Sara Boggini, Lawrence and Clarence Fernandez, her twin brothers, Ronnie, Beverly and Ed Chambers all enjoyed home made cake and coffee served by Mom Chambers. Lots of success, Gerry!

IN BURLINGAME

Mr. and Mrs. Glenn Bottenberg spent Monday evening in Burlingame on business and had cake and ice cream at the home of Mr. and Mrs. Tom Santos, Michael and Diane.

TO NEW PARISH

Father Thomas Gabisch, who has been at St. Mary's of the Palms for some time, has gone to a new parish in Napa.

WONDERFUL EVENING

Saturday evening at the Mission Grammar School a most successful pot luck dinner (and what an array of fine foods) was served by the Mothers' Club of the school to their husbands and families. There were about 75 in attendance and ate until there was just not room enough for more. This was followed by a nice program which all enjoyed with the following numbers by the boys and girls of the school. This program was arranged by some of the mothers and teachers: songs, tiny tots; accordion solo, Albie Santos; rhythm band, lower grades; duet by Albie Santos and Joanne Reis; violin duet by Marveen Lofton and Becky Overacker; vocal duet and violin accompaniment by Iris and Marveen Lofton. This was followed by a movie on juvenile delinquency by Mr. Click, more songs by the older classes and a trumpet duet by Buddy Semas and David Koelsch. The rest of the evening was spent in community singing and visiting. A comedy highlight of the evening was Sharon Phillips, age 3, dancing when the violin duet number was on. Very impromptu.

DON'T FORGET!

Don't forget those two whist parties in the Mission in the next few days. The Young men's Social Club is holding theirs this Friday, Feb. 18, at 8 p.m. at the I.D.E.S. Hall where a wonderful time is promised to all. Then the Student Body of the grammar school is having theirs on the 25th of February at the school at 7:30 p.m. The committee consists of Stanley Caires, Shirley Cunha, Robert Caires, Lawrence Garcia and James Hill.

NEW OFFICERS

The Mission Firemen held an election of officers recently with Elmo Andrade becoming their president, Chet Holtz the vice-president, Tony Perreira re-elected treasurer, and Frank Vargas secretary. Tom Cunha is sergeant-at-arms and assistant fire chief, while Jack Pereira retained the office of chief of the department.

ALL RECOVERING

It is wonderful to see our own Cy Solon again parading the streets, but slowly, following his long seige in the hospital. It will take many weeks to regain his former "fast moving" pace, but if good weather keeps up he will be back in the harness before too long. Little Helen Neeley is "just fine" following her recent tonsilectomy. Joe Santos, who was also a surgery victim, has begun his daily walks to the post office for the mail and is looking "fust rate." (That is the country bumpkin coming out in me.)

MONTHLY SOCIAL

The Mission Youth Center will hold its monthly social at the I.D.E.S. Hall on Saturday evening with a Valentine theme for the decorations under the chairmanship of Laura Medeiros and eight helpers. The admission will be by bid only. Each member will be allowed one guest. Refreshments are being arranged by the food committee.

SCHOOL TRUSTEES HAVE DINNER MEET

Members of the Alameda County School Trustees Association held a dinner meeting last night at the Irvington Elementary School. The session got under way at 6:30 in the school cafeteria.

Dinner, prepared by Mrs. Irma Belding and her staff, was served by eighth grade girls at the school.

GIRL SCOUTING

By Loretta Valles

BROWNIE TROOP 66

The Brownie Troop had a splendid time at a meeting held at the Centerville school auditorium. The meeting was brought to order by the president, the minutes were read and approved. Dues were collected by the treasurer. The following girls then presented acts: Karen Kralovansky, Billie Leah Silva, Marlene Silvera, Eugenia Faria, Rosemarie Abreu, Patty Bettencourt and Loretta Valles from Centerville. Alviso girls, Shirley Bales, Glenda Lee Silva, Norma Orsetti and Catherine Accenelli.

After the skits the girls received their valentines. They then took Mrs. Orsetti to the cafeteria where she was presented with a beautiful money tree and a large birthday cake.

We wish to thank the following mothers and teachers for helping: Mrs. Lee Silva and Mrs. Irene Bales of Alviso; Mrs. Perry, Mrs. Anita Fantuzzi, Mrs. Elsie Silvera and Mrs. Mary Valles. Mrs. Alice Lambrecht also attended the meeting.

ADULT GIRL SCOUTS

A busy workshop meeting of the Washington Township Adult Girl Scouts will be held Friday morning, Feb. 25, from 9:30 to 11:30, at the Country Club in Centerville. Favors for the coming annual dinner to be held March 14 at Svensgards by the Hayward Area Girl Scout Councili, of which Washington Township is a part, will be constructed. February is the month celebrated as International month and March is the month in which Girl Scouting was first started in the United States. March 12 is the 37th birthday anniversary of Girl Scouting.

Appropriate to these occasions favors and table decorations of the Scandinavian countries will be made by the Adult Girl Scouts of Washington Township. Leaders attending will get new ideas for troop instruction. Each adult is requested to bring with her a pencil, scissors, needle, and size 20 thread. Reports on day and established camp will also be given at this meeting. Mrs. Rae Lamoreux, president, and Mrs. Zella Davis will be in charge. Mrs. Geraldine Rogers, Mrs. Asta Pedersen and Mrs. Mary Fields are in charge of the workshop activities.

GOES TO HOSPITAL

E. F. Glassbrook of Tennyson, manager of the Public Utilities California Corporation in Niles, was taken to an Alameda hospital Tuesday evening for a physical checkup.

REBEKAH NEWS

Florence Dewey, newly installed noble grand of Niles Rebekah Lodge No. 336, I.O.O.F., presided at her first meeting Friday evening, Feb. 4, at Odd Fellows Hall, Irvington. Among the members named by Mrs. Dewey on standing committees for the year were: Irene Bales, Maggie Neill, Mildred Barber, Helen Barker, Irma Wright, Margaret Stetz, Anna Bradford, Elsa Mikkelsen and Nellie Talley. After a short business session, the meeting concluded with a skit put on by Mildred Barber, Olive Pugmire and Iva Marble, entitled "Three Prospectors Searching for Silver." When the three had reached their goal they found their silver had turned into a gift for Fern Mitte, as a tribute to her many years as drill mistress for the lodge. Delicious refreshments were then served by the prospectors and other members of the refreshment committee.

The members of Necona Theta Rho Girls' Club No. 46, I.O.O.F., met in regular session Monday evening, Feb. 7, at Odd Fellows Hall, Irvington, with Shirley Neighbors, president, presiding. The girls are very busy preparing for a party to be given in the near future, and they are also making plans to attend the Theta Rho Assembly which will convene in San Francisco April 14 and 15. Lenore Lammi and Margaret Cole are the delegates chosen for the Necona Club. The club also expects to initiate a class of candidates in the near future.

SESSIONS SET

Regional meeting session of the American Association of School Administrators will be held in San Francisco from Saturday through Wednesday, with several township school principals scheduled to attend some of the sessions.

Four Marketeers find satisfaction in the day's receipts of Amity Market, San Francisco

Elroy Mittelholtz, Eric Nordquist, Paul Gresh and Bert Quist might be called the Four Marketeers. In the few years since the war these young men with their own capital, augmented by a Bank of America loan, have established a market in San Francisco which is today "busting its seams." The friendly banker who helped them along their way was the manager of their neighborhood branch of Bank of America.

Arthur Freeman, George Silveira, Kurt Suhnel, Walter Texera, Earl Wallace, Arthur Belshaw (chairman) and Phil Sousa (neighborhood commissioner). Also present was Orion Dunbar, scoutmaster, and Bob Walstra, assistant scoutmaster.

The most important business matter discussed was the proposal to move the Eagles Nest from the Masonic property to the grounds of the Centerville Elementary School. MORE MALE BIRTHS IN THE TOWNSHIP

Twenty years from now, in 1968, the girls of Washington Township will have no real worries about the "dating" situation, for they will still be in the minority, according to records released from the Alameda County Health Department this week.

Last year there were 191 boys born in Washington Township, and 179 girls.

As for the total reported deaths in the township for 1948, the males also lead on that score, with 109, to 75 female deaths.

NEWARK CORRALS GET APPROVAL

Right to erect corrals on a Newark railroad siding at Cherry and Baine Streets, for the unloading of horses destined for slaughter houses there, was granted yesterday to the Southern Pacific Railroad by the Alameda County Planning Commission.

Permission was given to construct two pens despite the protests of the Newark Chamber of Commerce, which asked that corrals be built at the Dumbarton Bridge cutoff instead. They claimed the property had already been surveyed for residential lots.

R. D. Rodenberger, S.P. freight agent, argued that "it is necessary to provide facilities to handle livestock in Newark and the corrals will not be detrimental to health or impair property values."

Approval was unanimous by the commission, but it reserved the right to revoke the permit. Estimated cost of the construction is $7500, according to Rodenberger.

NEWARK MAN IS PINOCHLE CHAMP

Leonard Lucio of Newark has been acclaimed the official pinochle champion of the Washington Parlor 169, Native Sons, following the final game Tuesday night of the current Pinochle Tournament. Lucio won with 9,560 points.

In the team match Lucio and Jim Logan were the winners with 18,370. Second, Harvey Granger and Al Silveira with 17,190; third, Louis Havey and Mathiesen with 15,960; and fourth, Stanley Rogers and Tom Silva with 15,580.

Now that the pinochle tournament has closed, the Native Sons are making plans for a ping-pong tournament to start on March 15.

Ernie Machado will be defending his title in the advanced class, while Stanley Roderick will attempt to retain his championship title in the novice class.

Another activity on the agenda is a bowling tournament. Plans for this are being arranged by Maurice O'Brien and Al Silveira.

STUDENTS LEARN VOTE PROCEDURE

Seventh grade pupils of Mrs. Muriel Waldron, Decoto Elementary School, learned first-hand last week the duties of conscientious and interested citizens. The students have been studying the procedure of voting.

A movie showing preliminary procedure was shown to the students recently and discussions were held to acquaint them with correct methods of running a meeting.

Class officers were then nominated, machinery for voting was set up and the students printed their own ballots, registered voters and prepared absentee ballots for those who might be absent on election day.

Election day rolled 'round on February 7, and seventh graders went to the polls. After each student had received his ballot and voted, between the hours, 9-4, a board composed of John Arena, Patricia Grandstaff and Virginia Villa tabulated the votes.

Eleanor Gonzales opened and read the votes and she in turn passed them to a checker. Improperly marked ballots were thrown out in accordance with law.

Ballots were then taken to absentee voters and returned to the school for counting.

Students chosen to fill the class positions were: Clarence Souza, president; Fred Sanchez, vice-president; Betty Galarsa, secretary; and Marcelino Campa, treasurer.

"This seems to be a sound and practical method of teaching my youngsters voting procedure," Mrs. Waldron said. "I know the experience gained by the students during this study will be lasting."

ALVARADO SCHOOL HOLDS NEW CLASS

A new project whereby students from all all over this area are transported to special classes held at the Alvarado Elementary School was started last Monday. Mrs. Agnes Belanger is the teacher for the newly formed group.

The students are transported to the class from Valle Vista, Alviso and Tennyson schools in a bus furnished by the county schools system and operated by Tony Alexander of Alvarado. Other schools are expected to send students to the newly instigated classes after organization is more complete. Some pupils from Alvarado also attend.

Supplies, with the exception of essential classroom fixtures, are furnished by the county, Leslie H. Maffey, school principal, declared. Materials needed for the craft work in which the pupils engage is also provided by the county. The students are learning how to sew, cook, operate machine tools and are making all types of craft projects.

The children are doing very well under this new set-up and show a great deal of interest in their work, Maffey said.

The classes are a new requirement of the Alameda County education system.

people realize what a privilege it is to be able to be a member in the Community Concerts Association."

Mrs. Roland Bendel, general chairman, also emphasized the importance of Community Concerts in rural communities. Having attended a round-table discussion on rural cultural life at the University of California recently, she has become more conscious of the importance of Community Concerts in the cultural life of a rural community. "It was interesting to hear," she said, "that Community Concerts has achieved great distinction all over the United States for its part in bringing the finest in cultural living to out-of-the-way places."

Dinner was served last Monday night to a crowd of 70 people by the Auxiliary of the Legion, under arrangements made by Mrs. L. O. Bunting. Present were officers of the local organization, Mr. Holtz of the Artists Bureau, and the "workers" who have volunteered to distribute memberships.
